## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendment filed on Jun 12, 2006 has been entered:
  - Claims 1-2 and 4-11 have been amended;
  - Claims 3 and 13-23 have been cancelled;
  - Claims 1-2 and 4-12 are still pending in this application, with claim 1 being independent.

### ***Reasons for Allowance***

2. Claims 1-2 and 4-12 are allowed.
3. The following is the examiner's statement of reasons for allowance:
4. Claim 1 is allowed because the prior art fails to show or teach a vehicle headlight having a ellipsoidal reflector with a cutout, a light source running transversely to an optical axis of the reflector, a verticalized reflector, and a lens having a focal point being close to an external focal point of the ellipsoidal reflector, wherein the verticalized reflector is arranged on a side of the cutout opposite to the most-part of the ellipsoidal reflector and separated from the ellipsoidal reflector by a gap, and further the verticalized reflector has striations delimiting central and lateral facets and produces a long-range beam which is not intercepted by the lens.
